Renae Powell - Lobelville Library

We are currently adding new information and search capabilities to our website! Please note the expanded menu to the left which shows research category links. It is our goal to meet the needs of Perry County citizens with the information resources necessary to navigate the Internet as quickly and easily as possible. There will be many Reference websites to chose from to better equip you to research for a school report or find answers to the medical questions you might have.

We appreciate your comments on what we have added and what you might like to see added. Please feel free to contact us with your comments and questions. As an Information Resource Center, the Library is the place to look for answers to all types of questions, and we have knowledgeable staff that are happy to answer questions and lead you in the direction needed for all your reference needs. We can be reached by email at lobelvillelibrary@tds.net or by phone at 931-593-3111.
